

## 1917 PROGRAM OF SOCIALISTS READ INTO THE RECORD

Made by Prosecution  
at Trial of Unseated  
Assemblymen  
ATTORNEYS IN  
HOT DEBATES

ALBANY, N. Y., Jan. 29.—An attempt to show that sabotage in munition factories was a weapon. Socialists were virtually invited by their party to use in its program of "continuous opposition to the war" was made today by the prosecution at the trial of the five unseated Socialist assemblymen charged with disloyalty.

Counsel for the assembly judiciary read into the record the proclamation and war program adopted at the party's St. Louis convention April 7, 1917, one day after the United States entered the war in which workers were urged to oppose the war "thru demonstrations, mass petitions and all other means within our power."

The prosecution also read into the records the proclamation of the denunciation of the war as one "caused by the treachery and trickery of the capitalistic class thru their representatives in congress."

Committee counsel brought out that the anti-sabotage clause in the party's constitution had been stricken out at the convention. Judge A. E. Sutherland, examining Algernon Lee, treasurer of the Socialist state committee, who attended the St. Louis convention asked:

"One of the means of putting a hindrance to the capitalistic war was to commit sabotage in the manufacture of war munitions, wasn't it done?"

"Wouldn't it naturally occur to the worker in the munition factory that the best thing he could do would be to drop a wrench in the machinery?"

"No sir," replied Mr. Lee. "We refer to there is mass action and sabotage is individual action, not mass action."

"It was made clear that we meant social collective action thru demonstrations, mass petitions."

Seymour Stedman of Chicago, defense counsel read from the Socialist campaign book of 1914 to show that the party then bitterly opposed sabotage. He also explained that the clause had been stricken three years later because the I. W. W. element was no longer enrolled in the party and sabotage was "a dead issue."

Part of the session was devoted to examination of Frank Wasserman, a New York lawyer, who testified that in a debate on Socialism with assemblyman August Claessens, the latter had called the federal constitution "a mess of scraps of paper and that the people when they got control under a Socialist government would rule things by force."

Wasserman also testified Claessens had said "the flag does not count. The red flag is the only flag that amounts to anything and the workingman has no country."

According to Wasserman, Assemblyman Charles Solomon, another defendant, had asserted that a private discussion on a street corner in Brooklyn, that in the assembly chamber he had stated he was a Bolshevik and that he had told the witness he approved of the methods adopted by the Bolsheviks. Solomon, the witness said, also told him that Socialists were conducting Sunday school classes in the Brownsville section so that children "may be ready for the revolution."

HOW'D YOU LIKE TO  
BE FOREIGN SEAMAN?

Washington, Jan. 29.—Foreign seamen hereafter may have their liquor with the meals while their ships are docked at American ports by Assistant Secretary Shouse of the treasury. After foreign governments had protested against the order sealing stocks of liquors on ships in American ports the question was laid before Attorney General Palmer. He was said to have held it could not be enforced except in the case of American owned ships.

AIR DEPARTMENT SUFFERS SLIGHT COLLAPSE

Washington, Jan. 29.—The new independent air department, which suffered its first serious alteration in the senate today when the proposal to make it a cabinet department was eliminated. A second amendment reducing the director's salary from \$12,000 to \$8,000 a year failed of action for lack of a quorum. Sharp opposition to the bill developed during the debate.

JIMMY WILDE  
KAYOS MIKE ERTLE

Milwaukee, Wis., Jan. 29.—Jimmy Wilde, flyweight champion boxer of England, knocked out Mike Ertle, St. Paul in the third round of a ten round bout tonight.

## CHARGES R. R. PLANNING TO REDUCE WAGES

Made By Timothy Shea, Acting  
Head of Locomotive Firemen  
and Engineers' Union—Denounces Cummings Bill.

New York, Jan. 29.—Charges that "certain railroads" were planning to reduce wages when the roads are returned to private ownership were made by Timothy Shea, acting president of the Brotherhood of Locomotive Firemen and Engineers, speaking at the twentieth annual meeting of the national civic association today. He denounced the Cummings bill and joined with Samuel Gompers, president of the American Federation of Labor in an attack on compulsory arbitration. He said that the Cummings bill was "the outcome of a conspiracy to reduce wages below their present inadequate level when the roads are returned to private ownership. The alleged conspirators, he continued, proposed to make a cut and if a strike followed its suppression by prosecution. Denying the statement of one speaker that railroad men were the highest paid workers in the country, Mr. Shea declared that wages had increased 45 per cent for this class of workers, whereas, the cost of living had increased about ninety per cent.

"There is no danger of a strike on railroads, unless it is provoked by such legislation as the Cummings' bill or such an attitude of the government as in the coal strike," he said.

Mr. Gompers asserted that labor unions had done more to prevent strikes than any other agency.

If absence of strikes meant commercial prosperity, he added, "China ought to stand at the head of civilization."

"That which the employer concedes is almost invariably that which the employee presses home hardest. This question of repressing aspirations of the workers will not succeed. The citizenship will refuse to allow it. For it would be better to suffer the inconveniences attending industrial strikes than to support the principles of the republic. An attempt, particularly by legal means will not only fail but will be the cause of many disputes."

Speaking of the proposal for a national board of adjustment supplemented by regional boards as suggested at the president's second industrial conference in Washington, Mr. Gompers said political changes would have to be effected upon these boards that their worth would be destroyed.

BETHLEHEM STEEL CO.  
EARNINGS LARGE

New York, Jan. 29.—Net earnings of the Bethlehem Steel Corporation for 1919, according to the preliminary report issued today were \$37,441,218 against \$37,188,769 in 1918. Net income failed to reflect the disparity in net earnings totalling \$15,356,860 or only \$33,520 less than in 1918. The statement of Grace said the net income represented a profit of 5.45 per cent. Orders on hand at the close of 1919 amounted to \$252,449,000. New business booked amounted to \$204,144,000. President Grace stated that all plants are operating at a virtually full capacity. Orders in all commercial lines are at a maximum and the management believes they are of sufficient volume to insure full capacity throughout the year. New business it was added is offering far in excess of ability to produce.

Referring to industrial conditions, President Grace said:

"Good relations between the management and its employees have been forwarded thru operation of the employee representation plan in operation in the plants. The plan provides recognition for the employees in dividually and collectively."

CHICAGO HOME RULE  
BEFORE CONVENTION

SPRINGFIELD, Ill., Jan. 29.—Following a session today at which Alderman John A. Richter, chairman of the finance committee of the Chicago city council, discussed home rule for his city, the Illinois constitutional convention adjourned to meet again next Tuesday at 10 a. m.

Richter was questioned closely by the convention delegates concerning municipal affairs in Chicago. His appearance before the convention concluded the visit of a Chicago delegation which is interested in the adoption of a proposal for home rule introduced Wednesday by delegate William H. Crutten.

The majority of delegates left for their homes immediately after adjournment this afternoon. Meetings of the various committees appointed Wednesday were postponed until the convention reconvenes next week.

HONOR M'KINLEY'S  
BIRTHDAY ANNIVERSARY

Albany, N. Y., Jan. 29.—The birthday of William McKinley was officially recognized by the assembly today when upon motion of Assemblyman Frederick A. Wells, Republican, of Kings, the house adjourned out of respect to the memory of the martyred president.

MOTORMAN INJURED.

Elgin, Ill., Jan. 29.—An Elgin, Aurora car on the A. & C. electric line was struck by a Northwestern passenger train at Geneva this morning. The motorman was seriously hurt but passengers and conductor escaped with slight injuries. The car was cut in two.

## CONFERENCE OF FINANCIERS NOT FAVORED BY GLASS

Says it Would Only  
Cause Confusion and  
Disappointment  
GOES OVER  
SITUATION

WASHINGTON, Jan. 29.—The United States treasury does not look with favor upon certain features of the proposed international conference, recently called by nationally known financiers and commercial leaders in an effort to lead the world out of the financial and commercial chaos brought on by the war.

Secretary Glass declared tonight in a letter to a committee of the United States chamber of commerce which had sought a government expression that such a conference would serve to cause confusion and revive hopes, doomed to disappointment of further government loans.

Mr. Glass, in giving the government's policy on furnishing credits stated that the treasury "is opposed to government control over foreign trade and finance and even more opposed to private control."

"It is convinced that the credit required for the economic restoration must come thru private channels."

The government fears the proposed conference would mean that many Europeans would assume that the United States was about to shoulder more of their burdens, Mr. Glass explained.

"If the chamber of commerce of the United States considers it advisable and desirable to designate representatives to attend an unofficial conference," Mr. Glass said, "the treasury department does not offer objection, provided the scope and character of such a conference as well as the impossibility of United States government action are understood."

But there are numerous suggestions in the memorial sent broadcast, which are clearly not appropriate for consideration, such as cancellation of obligations of foreign governments held by the United States."

Mr. Glass points to differences he discovered in the formal calls for the conference. The memorials circulated in Europe, he said, apparently advocated further governmental financial assistance and requested the governments to designate representatives to those international meetings which would accord it an official character.

This, however, was omitted from the document circulated in the United States.

The situation facing Europe he said was one to be solved by the activity of those nations and their nationals and not for settlement by any world wide plan. From the moment of the cessation of hostilities, Mr. Glass added, the treasury of the United States has pursued a policy of looking towards restoration as promptly as possible of normal economic conditions, removal of governmental control and interferences and restoration of individual initiative and free competition in business.

The treasury removed the embargo on the export of gold to the United States citizens and the nations of the world to finance their own purchases in cash.

The American people should not in my opinion be called upon to finance, and would not, in my opinion, respond to a demand that they finance the requirements of Europe insofar as they result from the failure to take these necessary steps for rehabilitation of credit.

Mr. Glass characterized as "impracticable" international bond issues, guarantees and international measures for stabilization of exchange which were to be taken up at the conference.

COMPARES COUNTRY  
AND CITY CHILDREN

NEW YORK, Jan. 29.—The poor little child who has the misfortune to be born in a city has just five times as good a chance for reaching maturity as his country cousin, according to Dr. Thomas D. Wood of Teachers' college, New York.

Speaking before a teachers' convention in Belvidere, N. J., Dr. Wood cited figures based on a survey of 500,000 children to support his contention. The figures showed country children to lead city children in teeth defects, defective tonsils, adenoids, malnutrition and breathing defects.

"Ignorance, prejudice and lack of health supervision" were given by Dr. Wood as the principal causes of poor health in the country.

SMOKING ROOM FOR WOMEN.

Chicago, Jan. 29.—A Chicago theater today announced it had opened a smoking room for women. The manager said the "women drove him to it." He said he had found girls were smoking in the washroom, the boudoir and even in the lobby. The women smoke more cigarettes than the men, the manager said.

## HAMBY, NOTORIOUS BANDIT PAYS DEATH PENALTY

OSSEXING, N. Y., Jan. 29.—Gordon Fawcett Hamby, murderer, bank robber and train bandit, whose crimes reached from coast to coast and culminated in the murder of two Brooklyn bank employees in December, 1918, was electrocuted in Sing Sing prison tonight.

Hamby maintained to the last the iron composure which marked his demeanor from the hour of his arrest in Tacoma, Wash., last June. He refused the aid offered of chaplains to accompany him to the chair, and walked to his death unaided. After he had seated himself he turned to Warden Lawes and asked permission to make a statement. He said:

"I want to say that any one who had the misfortune, for indeed it was a misfortune, to come in front of Jay B. Allen's gun, had a chance and a good chance. That's all. Go ahead boys."

Hamby had insisted that his right name was Jay B. Allen. Hamby spent his last day in the death house writing letters in his cell, reading newspapers and "talking" with the Ouija board. He expressed relief when he learned that an eleventh hour effort to get Governor Smith to give him a reprieve had failed.

When asked what he wanted for supper, Hamby ordered lobster salad of which he ate heartily. He then proceeded to enjoy some of the cigars and candy which his companions in the death house had furnished him.

When asked by Father William E. Cassin, Roman Catholic chaplain, if he had any message for youths, Hamby said:

"I don't wish to appear in the light of a moralist but you can tell for me never to start doing wrong. Once you get started in crime you can never stop."

PAYNE EXPLAINS  
DELAY ON BIDS

Sale of 30 Former Ships Postponed by Board to Make Certain a Fair Market Price.

Washington, Jan. 29.—Delay by the shipping board in acting on bids submitted for purchase of the 30 former German passenger ships was said by Chairman Payne tonight to be due primarily to the board's intention to make certain a fair market price is obtained for each vessel. The ships for sale were used as transports and to recondition them for passenger service will involve a considerable sum the chairman said. It is proposed to sell the ships as they stand and to determine if a fair price is being offered it has been decided to add the estimated cost of reconditioning to the bid which will enable the board to decide if full value is received.

Objection by the war department to the sale of the ships is expected to be waived by the board officials. Several liners had been designated as part of the proposed army transport reserve and Secretary Baker protested against any transfer of title in distant waters. It is expected, however, that assurances will be given by the war department that any vessel sold will remain under the American flag and subject to the call of the transport service.

Chairman Payne has written Secretary Baker that no bids would be accepted until the matter has been adjusted.

## EDWARDS REPLIES TO BRYAN ATTACK

JERSEY CITY, N. J., Jan. 29.—W. J. Bryan was accused of wanting to establish the "harmony of death" in the Democratic party, in a statement tonight by Gov. Edward I. Edwards, replying to an attack made upon him by Mr. Bryan at Bristol, Va., last night. Mr. Bryan had charged Governor Edwards with being an agent of the liquor interests and with trying to disrupt the Democratic party.

Governor Edwards said that if Mr. Bryan "has his way, the Democratic convention at San Francisco will be the morgue from which will be picked the corpse to appear at a November national funeral. What I wish is to disturb no harmony, but an intelligent grappling with the situation that we will have clearly defined the issue of liberty against sectionalism. I would sooner be the angel Gabriel, to call the party to life than the snare undertaker to preside at its funeral."

U. S. FACING GREAT  
LABOR SHORTAGE

DES MOINES, Ia., Jan. 29.—America is facing the greatest labor shortage in its history, in the opinion of A. L. Urick, state labor commissioner, a speaker at the annual banquet of the Des Moines trades and labor assembly last night.

"With its present effort to rid the country of bolshevism, the government is unwittingly driving away hundreds of thousands of aliens and foreign born workers of the United States," Mr. Urick declared. "When we get ready to start in earnest the work of reconstruction, we will have no workers with which to reconstruct. America is facing the greatest shortage in its history."

REFUSES TO SIT  
PROHIBITION CASES.

St. Louis, Jan. 29.—United States District Judge Faris announced today that he would disqualify himself and ask another judge to sit in all war time prohibition violation cases based on warrants between December 5 and December 16 when the sale of intoxicants in this city were permitted by an injunction which he granted.

This injunction was dissolved when the supreme court of the United States upheld the enforcement law.

WOULD MAKE  
LINCOLN'S BIRTHDAY  
ANNIVERSARY NATIONAL

Washington, Jan. 29.—A joint resolution declaring Lincoln's birthday a national holiday was introduced today by Senator Sherman, Republican, Illinois, and referred to the judiciary committee.

## STRICT ACCOUNT WILL BE KEPT ON ALL LIQUOR

Methods Announced  
by Government for  
Obtaining Liquor  
FOR MEDICINAL  
PURPOSES ONLY

WASHINGTON, Jan. 29.—Measures by which intoxicating liquors may be obtained for medicinal purposes and regulations governing their sale were made public tonight by the bureau of internal revenue, announcement also was made that the bureau had compiled a system of permits, providing a fixed channel thru which all intoxicating liquors must move and by which hereafter the government will know the location of each gallon of distilled liquor except that stored in private homes.

In giving ways in which liquor may be procured, Commissioner Roper issued a warning against profiteering. He declared that exorbitant charges for liquor for medicinal purposes certainly places the dispensers in the class with profiteers and they would be investigated.

Mr. Roper also announced that all liquor seized under federal law prior to Oct. 28, last, unless claimed under the sixty day ruling would be sold by the court order. It must be sold, however, to a holder of a permit to use it for medicinal or non-beverage purposes.

Both the physician who prescribes and the pharmacist who sells liquor, the regulations provide, must have a permit which may be obtained from the federal prohibition director.

Other details of the method by which liquor for medicinal purposes may be purchased follow:

"Any physician duly licensed to practice medicine and actively engaged in the practice of such profession may obtain a permit to prescribe intoxicating liquor and may then issue prescriptions for distilled spirits, wines or certain alcoholic medicinal preparations for medical purposes for persons upon whom he is in attendance in cases he believes that the use of liquor as a medicine is necessary. In no case may a physician prescribe more than one pint of the same spirit within any period of ten days.

All prescriptions for intoxicating liquor are required to be written on prescription blanks provided by the bureau, except that in emergency cases physicians may use their regular prescription blanks.

Prescriptions for intoxicating liquor may be filled only by registered pharmacists who hold permits authorizing them to do so, or who are employed by retail druggists holding such permits. Pharmacists and druggists holding such permits will procure their supplies of intoxicating liquor from manufacturers, or other persons holding permits authorizing them to sell liquor.

"Physicians may also obtain permits entitling them to procure not more than six quarts of distilled spirits, wines or certain alcoholic preparations during any year for administration to their patients in emergency cases where delay in procuring liquor on a prescription thru a pharmacist might have serious consequence to the patient.

"Provision is also made in regulations for issuing permits to hospitals and sanitariums to enable them to procure intoxicating liquor to be administered for medicinal purposes to patients in such institutions, and also for issuing permits to manufacturing, industrial and other establishments maintaining first aid stations authorizing them to procure such liquor for administration to their employees for medicinal purposes in emergency cases."

MISSOURI DEMOCRATIC  
CONVENTION MARCH 31

JEFFERSON CITY, Mo., Jan. 29.—The 1920 Democratic state convention to elect delegates at large to the national convention will be held in Joplin, Mo., March 31, the state central committee decided today. It also was decided that woman would have equal representation with the men at that they would be permitted to select their own delegates.

Resolutions were adopted endorsing the Wilson administration and the league of nations.

WIDE SPREAD DISTRIBUTION  
OF KITCHEN STILL

New York, Jan. 29.—Wide spread distribution of kitchen stills, with which many New Yorkers are reported to be making moonshine beverages at home, has been traced to Birmingham, federal prohibition agents declared tonight. They said the stills, made of tin pans, were delivered by parcel post.

Among homemade moonshine "blanks" seized by federal agents today was one in operation on a gas stove.

## FAVOR U. S. REGULATION OF MEAT INDUSTRY

Endorsement Comes in a Resolution  
Passed at Closing Sessions  
of American National Livestock  
Association.

Spokane, Wash., Jan. 29.—Government regulation of the meat packing industry was endorsed in a resolution passed at the closing session today of the American National Livestock Association's annual convention. United States Senator John B. Kendrick was re-elected president of the association and El Paso, Texas, was chosen as next year's meeting place.

Prompt return of the railroad to private control with restoration of full powers of the interstate commerce commission was advocated in another resolution. Universal training was advocated.

Another resolution was not specifying any particular set of reservations declared the senate in its ratification of the peace treaty should "safeguard American interests to the fullest extent by all reservations they deem necessary."

The reservations must be so strong as to leave no doubt as to any constitutional limits. The American constitution must be preserved in all its Americanism."

Failing the possibility of ratification with such safeguards, the resolutions declare, congress should pass at once a declaration that the war is ended. The resolutions also called for the settlement of the packers anti-trust legislation effected by Attorney General Palmer; favored placing public lands under supervision of the department of agriculture and endorsed deportation of alien agitators.

## BENJAMIN C. MARSH SHARPLY QUESTIONED

Representative of Farmers' National  
Council Says He Represents  
Farm Organizations Not  
Controlled by Wall Street—  
Senator McNary Takes Issue  
With Marsh.

Washington, Jan. 29.—Benjamin C. Marsh, representing the Farmers' National Council opposing sale of government-owned ships in testimony before the commerce committee today came in for sharp questioning by committee members when he declared he represented a considerable proportion of farm organizations "not controlled by Wall Street."

Pressed by Chairman Jones to name those farm organizations which Wall Street controlled, Marsh said the National Federation of State Farm Bureaus was one and that "in a large measure" the National Grange was another. Senator McNary during an exchange told Marsh, "he represented none of the honest farmers of Oregon and demanded that he cease using expressions which might make it appear so."

Marsh said that it was the purpose of the Farmers' National Council to elect a new senate and congress and that it was the desire of the council's 750,000 constantly growing membership to have the ships retained until this new congress took its seat."

## EX-SERVICE MEN MAY REINSTATE

WASHINGTON, Jan. 29.—Former service men may reinstate their war risk term insurance at any time before July 1, 1920, under a ruling of the bureau of war risk insurance, announced today.

Applicants will be reinstated regardless of how long their policies have lapsed or how long former service men have been discharged, provided two monthly premiums accompany the application and the applicant is in good health as he was when his policy was issued.

In announcing the new ruling, Director Chalmers-Jones said that he desired "to emphasize that war risk term insurance may now be made payable to any of the following new and enlarged group of beneficiaries: Parent, grandparent, step-father, wife (or husband), child, step-child, adopted child, grandchild, brother, sister, half brother, half sister, brother thru adoption, step brother, step sister, parent thru adoption, uncle, aunt, nephew, niece, brother-in-law, sister-in-law, persons who have stood in the relation of a parent to the insured for a period of one year or more prior to his enlistment or induction, or the child or children of such persons; parent, grandparent, step-parent, or parent thru adoption of the insured's wife or husband."

War risk term insurance may be converted into United States government insurance.

Insurance may be paid in a lump sum at death if so designated by the insured.

GERMANY'S CHARGE  
D'AFFAIRES IN PARIS

Paris, Jan. 29.—Dr. Wilhelm Mayer, new German charge d'affaires, presented his credentials to Dr. Mayer who arrived last Saturday. Premier Millerand this evening, day will leave for Berlin this evening for a few days to settle up his personal affairs.

DIES OF INFLUENZA

New York, Jan. 29.—Influenza not only caused the death of Richard Levering, wealthy oil operator today but deprived his estate his failure to sign and pay pre-emptive of \$700,000 insurance because of misdeeds on policies for that amount he had contracted for before he was stricken.

## NEWBERRY TRIAL MOVING ALONG VERY SWIFTLY

Expect Selection of  
Jury by End of  
Week  
500 WITNESSES  
ON THE SCENE

GRAND RAPIDS, Mich., Jan. 29.—The second stage in the conspiracy trial of Michigan Republican leaders, who campaigned successfully with Truman H. Newberry in the 1918 senatorial campaign, was in sight when the federal district court session ended late today.

Six peremptory challenges had been exercised and the fact that only ten such challenges remained made it certain that at least two of the twelve men in the jury box would hold their seats. The advance guard of the 500 or more witnesses summoned by the government are in Grand Rapids and attorneys are preparing opening statements.

Attorneys for both the government and defense, led respectively by Frank C. Dailey of Indianapolis and William W. Lutton of New York, felt free to predict that the Friday session would see the finish of the jury selection process. It was learned that it is the intention of Judge Clarence W. Sessions to halt the trial then until James O. Murfin, who has been ill in Detroit is able to appear and make the opening statement on behalf of Senator Newberry and the 122 men who are to face the jury with him. Word tonight was that Mr. Murfin would be here Monday.

The government used two of its six peremptory challenges at the afternoon session today and the defense four of its ten. It will be the government's turn to challenge when court opens tomorrow.

The prosecution dismissed Fred Smith of Elk Rapids, who acknowledged relations of more or less intimacy with nine of the defendants, and Oran J. Houghton, a farmer whose 62 years, had made him the dean of the panel. The defense excused three farmers—Jerry Dunworth of White Cloud, George D. Clark of Constantine, and John Fochtman of Petoskey—and Louis A. McIntyre of Boyne City, a beekeeper.

Tonight the panel consisted of five farmers, four storekeepers, a farmer, a bank cashier and a manager of a farmers' co-operative selling concern.

Seventeen talesmen were questioned today. Five of these swore they had fixed opinions, two were in bad health and ten were passed for cause. Only one challenge for cause was interposed against the last group, the government trying vainly to have Edward Anderson, a farmer of Austin, excused after he had testified that he had gone on his township Republican committee at the solicitation of Earl J. Fairbanks, a former state senator and one of the defendants.

READJUSTMENT NOT  
YET IN SIGHT

New York, Jan. 29.—Altho foreign exchange markets in London and Paris were again much unsettled today, changes here mainly toward betterment. This was due dealers said to a cessation of the heavy offerings earlier in the week especially for local account. Few bankers were inclined to believe however, that anything like actual readjustment was in sight.

Demand bills on London rallied from yesterday's low of \$3.43 to \$3.53 1-4, but reacted to \$3.51 1-2. Francs rallied about twenty centimes and Belgian francs also registered slight improvement, but the Italian rate hung around yesterday's minimum at 15.32 lire. Pressure against Scandinavian remittances was renewed but final quotations were bare above lowest rates.

REDUCE FARES.

Chicago, Jan. 29.—Elevated line fares in Chicago were reduced from 3 to 7 1/2 cents today when tickets are used as a result of an order issued by the public utilities commission. The cash fares remains 8 cents. The order is effective until July 31.

### COLORED REPUBLICANS

The League of Colored Republican clubs of Illinois has been granted a charter and the political organization will maintain headquarters in Springfield. The organization plans to launch clubs in each city and county in the state. Maj. R. R. Jackson of Chicago, present alderman and former member of the general assembly, is chairman; J. Harold White of Springfield is secretary, and Hugh Singleton of Decatur, treasurer of the organization. The members of the executive committee are: Amos Duncan, Springfield; H. T. Bowman, Alton; Thomas Green, East St. Louis; S. S. Myers, Joliet; Henry Thomas, Mt. Vernon; Earl Williams, Brooklyn; James Carver, Peoria, and John Eastley of this city. The organization may accomplish much good.

### AN INDUSTRIAL COURT

Kansas is always forward in experimental legislation, and the present one, an industrial court, to settle all strike troubles will be watched with much interest. The law is based on the statement that as a result of every strike the public is the chief sufferer and is in disfavor, it is said both among employers and employees. Under the law no one can quit work on a "strike" but just keep on while difficulties are being settled and after the Industrial Court has decided an appeal may be taken by the dissatisfied side to the Supreme Court.

Kansas may have solved the problem for the rest of the country. There is a limit beyond which advances in wages and profits can not go. The endless chain of increase in wages, increases in profits, increases in prices must be brought to a stop somewhere.

**STRIKES AS "MASS ACTION"**  
Secretary Wilson of the federal department of labor, in expressing officially his condemnation of the revolutionary purposes of the communist party in the United

States, sets forth in vigorous terms certain of his findings. "It is apparent," he says, "that the communist party does not seek to attain its objective through the parliamentary machinery of this government, established by and operated under the constitution. These processes, he finds, are to be discarded by the communists 'or used for propaganda purposes only and other means adopted for overthrowing the government of the United States.'"

The means to be employed are set forth clearly in official declarations of the party. "The conquest of the power of the state," says Secretary Wilson, "is to be accomplished by the mass action of the proletariat. Strikes are to be broadened and deepened. They are to be made 'general and militant.' In short, 'the strike is to be used not simply as a means to secure redress of economic wrongs, but as a means through which the government may be conquered and destroyed.'"

It is well known that there have been a number of communist strikes in the United States in recent months. The purpose of such strikes is explained in a communist manifesto to which attention is called by Secretary Wilson: "Mass action is industrial in its origin, but it acquires political character as it develops fuller forms. Mass action in the form of general political strikes and demonstrations unites the energy and forces of the proletariat and brings proletarian mass pressure upon the bourgeois state. The more general and conscious mass action becomes, the more it antagonizes the bourgeois state, the more it becomes political mass action."

### Rippling Rhymes By Walt Mason

Winterless.  
Some countries have no weather embracing ice and snow; for twelve long months together the balmy breezes blow; and sometimes when I'm weary of sullen skies and dreary, and chill winds, sad and eerie, I to such lands would go. I'd dodge the wintry rigors and atmospheric crimes; but then I think of chiggers, which hunt the sunny climes; and there the skeeters carry their drills and raise Old Harry, and I resolve to tarry at home and write my rhymes. In summertime I'm lazy, and have no pep or vim; and I feel tired and crazy, and weak in every limb; I spend the long day resting, flies in my whiskers nesting, and all my soul's protesting when I must write a hymn. If I were camped where breezes are always soft and mild, my verses would be cheeres, and readers would be riled; for he who'd do some trilling and earn and honest shilling must feel his pulse thrilling with pep and vigor wild. The wintry winds are wailing through the bitter night, and chunks of snow are sailing around me as I write; but cold is stimulating; with zeal that's unabating my deathless poems I'm creating; my energy's a sight.

### EDWARD AUSTIN WEDS MISS IRENE M'AVOY

Were Married at Louisiana, Mo., Thursday—Word Received by Relatives Thursday Evening—Will Reside Here.

Relatives here received word Thursday evening of the marriage of Edward Austin and Miss Irene McAvoy, which occurred at Louisiana, Mo., Thursday. While their intimate friends had expected to receive announcement of their marriage they did not expect the event to take place so soon and the news will come as a surprise to their many friends.

The bride is the youngest daughter of Mrs. Mary McAvoy of 814 South Main street. She was born and reared in this city and is a graduate of the Jacksonville high school. For a number of years she was employed at J. Herman's but recently has been in the music department of the Luby-Davis Drug company.

She is a young woman of much personal charm and is popular in a wide circle of friends.

The groom is also a native of this city. He was in military service during the world war receiving his honorable discharge after the signing of the armistice. He is employed in the shipping department of J. Capps & Sons and is highly esteemed by his employers and fellow workers.

They will make their home in this city and will have the best wishes of many friends for a prosperous and happy married life.

### TWO PLAYS GIVEN AT CHRISTIAN CHURCH

One Act Farces Played Before Large Audience—Work of Players is Well Received.

Two one-act plays were given at Central Christian church Thursday evening. The plays were under the direction of Miss Eleanor Thompson and the work of the players was well received by a large audience.

### THE NEW LAKE

Editor Journal.—As I note thru your columns so much freedom of speech and that in regard a suitable name for our new lake, I would like to make one suggestion.

As we all know this wonderful achievement was accomplished while we were also striving on and on and achieving a much greater task—the world war—we were victorious in both efforts which means freedom and liberty. Why not call this lake some name that will always bring to our memories in time to come—a name that will designate the time it was built and the spirit under which it was constructed—Liberty Lake.

## What a Trustee Does

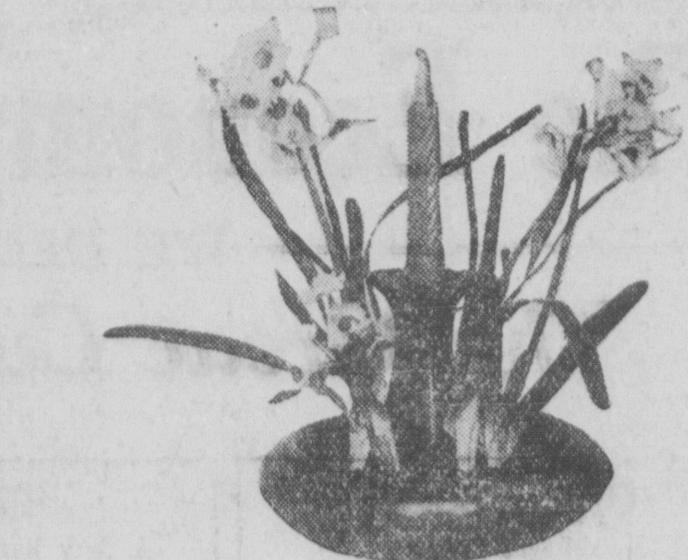

There may be reasons why your Executor should be continued as Trustee under your Will. As Executor, his duty is to CLOSE your estate and wind up your affairs.

But you may not wish your estate parceled outright. You may wish certain heirs to enjoy income only for their lifetime or for a stipulated period. You may wish the estate or certain portions of it managed for the benefit of certain heirs until a given time. You may wish to keep your entire estate intact for the best interests of your heirs. Your Trustee will have continuous charge of such matters as you designate in your Will.

It is obvious that a Trust Company will outlive any continuous trust and equally obvious that an individual may not. This is a matter upon which our Trust Officer can further enlighten you.

**Kornfalfa Balanced Rations**

The man who knows doesn't feed straight grains to his livestock any more. He buys a balanced ration. You must have variety in your feed, but the right variety. You can't be expected to know what makes the best variety for different animals. You haven't time to study and make big feeding tests. THE KORNFALFA FEED MILLING COMPANY does know what's the best variety for different animals. It is their business to know. They have proven to us that they have this knowledge and that this knowledge is in every sack of KORNFALFA balanced rations you buy.

What you want and need for success in feeding is honesty and quality plus knowledge inside the bag, and you get it in these KORNFALFA FEEDS. There is a KORNFALFA BALANCED RATION for every animal on your farm. You will be amazed at the results you get.

**What Do We Mean by Balanced Rations?**

Simply that the feed fits the needs of your animal. Just enough sustaining food—just enough grow stuff—just enough energy and heat food—JUST ENOUGH. If there is too much of any one there's a waste of that—if not enough there's a waste of all the others. There's a right way for everything. If you adopt the right way you make a success. There's no excuse for your not making a success of feeding, if you read this. Begin feeding KORNFALFA BALANCED RATIONS right now.

**What Do These Balanced Rations Cost?**

Not nearly as much, when you figure what they do for you, as the things you have been feeding. A little more in some cases when figured by the hundred pounds. But that's not a fair way to figure. Ground corn cobs cost less than corn chops. Are corn cobs better for you on that account? It's results that count. KORNFALFA BALANCED RATIONS are Feeds That Show Results.

All had a pleasant evening and departed at a late hour.

**Westminster Birthday Party.**  
The January and February birthday party of the women of Westminster church was held Thursday afternoon at the home of Mrs. G. C. Guthrie on Park street. A tiny apron had been sent to each woman expected to be present, with the request that she place in the pocket as many pennies as the number of inches in her waist measurement. That there was a good attendance was indicated by the sum of \$15.45 which was collected in this somewhat novel manner and gave to the occasion the name of measuring party.

Mrs. Frank Orear and Miss Eleanor Moore poured and refreshments served were of a generous kind. The hostesses of the afternoon were Mrs. G. C. Guthrie, Mrs. Ensey Moore, Mrs. W. D. McCormick, Mrs. R. C. Reynolds, Mrs. J. Marshall Miller, Mrs. C. H. Rammelkamp, Mrs. Anne Stevenson, Mrs. Frank Orear, Miss Eleanor Moore. The occasion was one of genuine pleasure.

**EIGHT JURORS IN I. W. W. TRIAL**

Montesano, Wash., Jan. 29. Temporary jurors selected to sit in the trial of alleged I. W. W. charged with the murder of Warren O. Grimm, in connection with the armistice day shooting at Centralia, were increased to eight today.

**SAN FRANCISCO SCHOOLS CLOSE**

San Francisco, Cal., Jan. 29.—Influenza caused the closing of schools in Fresno, Calif., and Montrose, Wash., today.

**SOUTH AMERICA TO FURNISH FIRST CASE**

Claims of Peru Will Be First to be Considered by League of Nations Council—Country Provinces of Tana and Arica.

Washington, January 29.—The western hemisphere probably will furnish the first case to come before the council of the league of nations.

Advices were received today that the national assembly of Peru had adopted a resolution providing for submission of the league council Peru's claim to the provinces of Aana and Arica, held by Chile for more than 20 years as the result of the war with Peru. Under the peace treaty between the two countries, a plebiscite was to be held within ten years after Chilean occupation to determine whether they should remain Chilean or revert to Peru. This plebiscite has never been held and the Peruvians are represented as determined to bring their claim before the only tribunal which has yet been created competent to deal with such a grave question.

Bolivia also is claimant to Tana, which she declares to be inhabited principally by Bolivians and to aord the only seaport open to her, while both Chile and Peru have other Pacific ports.

**JUGO-SLAV REPLY MADE PUBLIC**

PARIS, Jan. 29.—The text of the Jugo-Slav reply to the allied ultimatum on the Adriatic question made public today shows, as was stated yesterday it amounted to a refusal to accept the compromise offered by the Italians but that in courteous terms it asked permission to lay before the powers, some suggestions for alterations which it considered necessary to consider stability in the region surrounding the Adriatic.

The note says:

"The royal government begs to remark that they are not entirely in agreement either with the principles proclaimed by the peace conference of the free determination and independence of peoples, nor with the wishes of the population concerned nor with the geographical and economic conditions evolved. The royal government has proposed to submit the solution either to arbitration or a plebiscite. It is still ready to adopt one or the other of these propositions."

**SEEK TO REMEDY SILK SPECULATORS**

New York, Jan. 29.—A commission to seek a "remedy" for excessive speculation in raw silk will sail from San Francisco, Feb. 21, for Japan and China, it was learned today. The present price of \$18.50 a pound is described "unprecedented and prohibitive."

The normal rate had been \$3.85 a pound.

Imports of raw silk have been very large in the last 11 months and so much of it is in storage that insurance companies are reported to be hesitating to underwrite more policies on it because of the vast amount of money already tied up.

**DEFENDS I. W. W.'S**

Tacoma, Wash., Jan. 29.—E. A. Snyder of Seattle a mediator with the United States department of labor, testified today in the trial of 37 alleged I. W. W. members charged with violation of the state syndicalism law that he had found nothing destructive in I. W. W. literature. The court refused to admit as evidence the industrial relations commission report referred to by a witness yesterday as the "wholly Bible."

Warm weather in March followed by a rain will cause the Hessian fly to change from the flaxseed stage to a complete fly. If the weather is cold and windy its damage will be much less. The fly can be expected in case the weather is favorable to spread to fields not infested at present and do a great deal of damage. In some cases fields that are 92 percent infested are allowed to stand provided there are enough new stools appearing to indicate a crop. The stools are not infested and if the ground is strong, the plant may recover from the effects. If less than six good plants are found in one foot of dull row, the state entomologist ordinarily advises plowing up wheat. The fly damages wheat, barley and rye but does not work on oats. The county agents expect to inspect fields in several parts of the county as soon as the ice leaves.

**INFLUENZA VICTIM RUNS TO DEATH.**

Milwaukee, Wis., Jan. 29.—Driven insane by influenza, John O'Keefe, a laborer today leaped from his bed thru a window at his home, and ran to his death thru streets and alleys. For a half hour he chased thru streets and alleys before he fell exhausted. This is the second case within a week in which a man lost his reason while ill with influenza.

**STEEL EMPLOYEES GET TEN PER CENT INCREASE.**

New York, Jan. 29.—Day laborers employed in the United States Steel corporation plants have been granted a ten per cent wage increase, effective Feb. 1. Elbert H. Gary, chairman of the board of directors announced tonight. Wages rates of other workers will be "equitably adjusted" he said.

## A. A. CURRY HEADS PASSAVANT BOARD

Was Elected President at Meeting of Trustees Held Thursday Night—Cause of Hospital Will be Presented to all Protestant Churches Throughout County.

The trustees of Passavant hospital met in adjourned session last evening with a good attendance. The first matter of business claiming attention was the election of officers for the ensuing year and the following was the result:

President—A. A. Curry.  
Vice President—Henry J. Rodgers.

Treasurer—F. E. Farrell.  
Secretary—Thomas Harber.  
Drs. Woltman and Adams, medical members of the executive committee.

Dr. Hardesty presented the prescribed course of study and lecture hours on various subjects delivered by Members of the medical staff and superintendent as requisite to nurses graduation and it was adopted. The superintendent reported much need of better laboratory facilities and the matter will have due consideration.

**Does Much Charity Work.**  
Dr. Hardesty announced that during the past two years Passavant hospital had done in round numbers \$4,500 worth of charity work which fact he suggested should not set at rest the repeated charge that the hospital does not do its full duty in that respect.

It was also stated that the hospital would gladly do far more charity work were it possible, but expenses must be paid. If the people of the community, city and country, would come to the aid of the institution with suitable gifts, as was their duty there would be no trouble with charitable work.

Since 1903 the hospital had done at least \$10,000 worth of charity.

**Hospital Child of Churches.**  
Dr. A. L. Adams made an earnest plea for greater co-operation on the part of all Protestant churches and both in city and country. He said we needed that above all things. The hospital was the child of the churches and as such was worthy of support and nourishment.

The question was raised regarding the legitimacy of the child aforesaid and it was explained that when the Lutheran organization originally owning the plant was unable longer to manage it that it was at first leased to the churches and later a formal deed of transfer of the property was made to the local organization. The child is fully legitimate as it was adopted by formal vote of the churches, a charter from the state was secured regularly organizing the association and that was recorded at the courthouse and the original deed and the charter from the secretary of state were both in the office safe.

**Resolutions Adopted.**  
Dr. Adams emphasized the need of more funds with which to replace worn out equipment and supply the general needs of the institution and he offered the following resolution which was unanimously adopted.

Whereas, the Passavant Memorial Hospital is greatly in need of a fund to replace worn out equipment, make any urgent and necessary repairs on the building, buy greatly needed apparatus or supplies, or to meet any necessary expense in the running of the hospital;

Resolved, that the churches, city and country, be urged to contribute to the fund for the purpose aforesaid.

**SAMUEL B. HEATON PASSED AWAY THURSDAY**  
Well Known Young Farmer Dies at Home Near Lynnville—Funeral Will Be Held Sunday.

Samuel Berry Heaton, a well known young farmer of Lynnville neighborhood, died at his home near that town at 8:30 o'clock Thursday morning. His condition had been accounted critical for several days.

Deceased was the son of Samuel and Maggie Campbell Heaton and was born in Morgan county, February 25, 1884.

He was twice married. His first wife was Miss Jennie Allen. To this union one child, Frances, born Mrs. Heaton died in April, 1911.

Resolved, that the trustees of this hospital earnestly ask financial aid from the Protestant churches of Jacksonville and vicinity. We suggest that this aid should be given annually and be considered a part of the budget of each church. We would also recommend that a committee consisting of one from each church should decide on the amount of money needed, and determine the per cent required to collect the same.

Several spoke of the importance of interesting more directly all the churches of the county as there are forty of them outside the city. It was urged that more effort should be made to get in touch with country churches and have them get in touch with the hospital.

Rev. W. E. Spoonits, D. D., spoke at some length on the subject as did many others.

The fact was especially emphasized that the hospital belongs to the whole county and even adjacent territory as well.

**Will Ask County to Help.**  
Finally, Dr. Spoonits offered a resolution that the executive committee request each church in the county to name a trustee of the institution, said trustees to have full vote and voice in all that pertains to the institution and the executive committee are also instructed to see that some person or persons visit the churches and personally present the cause of the hospital and ask the churches to select their trustees and send in the names and then they will be asked to attend the meetings and have full part in the management of the institution. The motion carried unanimously.

A rising vote of thanks was tendered E. W. Brown, retiring president, for his faithful and efficient services during his incumbency of the office.

The gentleman thanked the trustees, expressed his unflinching zeal for the institution and pledged it his ardent support.

## LOCAL SUNDAY SCHOOL SUPERINTENDENTS MEET

Met at Pacific Hotel Thursday Evening for Dinner and Conference — S. S. Basketball League Representatives Chosen From Various Churches.

The Jacksonville Sunday school superintendents association held a meeting Thursday night at the Pacific hotel. Members enjoyed dinner at 8:20 and then held an important business session. Action was taken relative to the basketball league and further plans and preparations were made for the state Sunday school convention to be held here in June.

Local people are beginning to understand that the coming of this convention will mean from 1,000 to 1,200 visitors in Jacksonville for a number of days and that considerable preparatory work is therefore necessary. Arrangements were also made for the fathers and sons banquet to be held Feb. 12.

**Constitute Board of Control.**  
The representatives from the different Sunday schools that are to hold membership in the Sunday school basketball league were named. These young men will constitute the board of control to arrange for contests and to pass on the competency of individuals. They are as follows:

Grace Church—Henry Baptist, Baptist—Louis Hauck, Brooklyn—Maurice Johnson, Westminster—Harold Kamm, Christian—Louis Leurg, Centenary—George Johnson.

**To Arrange for Banquet.**  
A committee was named to cooperate with a similar committee from the ministerial union to arrange for the fathers and sons banquets which will be held in the various churches on Lincoln's birthday, Feb. 12. This committee includes J. S. Findley, T. M. Tomlinson and W. J. Brady. Rev. Marbach brought to attention the matter of the formation of a city Sunday school association which is soon to be organized. A meeting will be held Monday evening at the Baptist church. Supper will be served at 6:30 o'clock and afterward the pastor of the Congregational church at Peoria will make an address and tell of the work of the Sunday school union in his home city.

C. L. Mathis will be chairman of the meeting. Dr. G. H. Kopper is the general chairman for the arrangements for the Sunday school convention and Albert C. Metcalf is secretary. The chairman named C. L. Mathis as the head of the committee on entertainment and he has chosen a number of sub-chairmen as follows:

**Sub-Chairmen Named.**  
Reception—T. M. Tomlinson, Assignments—Miss Carrie Rataichak, Lunch—T. V. Hopper.

Other committee chairmen who have been named are as follows: House—C. E. Williamson, Musical Instruments—James Guyette, Finance—W. H. Crum, Local Registration—C. O. Bayha.

Display Rooms—Wayne Gard, Publicity—J. S. Findley. The Sunday school superintendents are now meeting regularly and are finding a great deal of value in co-operative work.

The basketball league will meet tonight at 7:30 o'clock at the Y. M. C. A. building.

## JACKSONVILLE HIGH WALLOPS WAVERLY

Defeat Visitors by Score of 29 to 19—Game Was Fast and Rough—Locals Show Better Work and Accuracy in Shooting Baskets.

Jacksonville High triumphed over her ancient foe, Waverly Township high school at David Prince gymnasium Thursday evening, the final score being 29 to 19.

The game was fast and rough and Coach Harmon, the referee and Andrew, umpire, called many personal fouls on both teams. Each team had two men sent to the sidelines during the game.

The Waverly men committing four personal fouls were: Redfern, center, and Bill Knight, forward, while Green guard and Hunter, center, were the men on the Jacksonville team who were sent from the game.

The game started off with a rush, but Jacksonville soon went into the lead and held it thru out the half. The score when the half ended was 18 to 10 in favor of Jacksonville.

At the beginning of the second half, Jacksonville committed several fouls and Gorman or Bill Knight tossed the baskets and Waverly got dangerously close. However, Lucas got to going and made a couple of long shots in succession and Hunter also dropped in one which made the crowd breathe easier, tho it was anybody's game until the final whistle.

Seldom have we seen two teams fight harder. While many fouls were called it did not seem that they were intentional, the players being under great nervous strain.

Jacksonville displayed the best form she has shown this year and if the men can play basketball like they did last night they can win the district tournament.

They gave a fine display of floor work and passing and their shooting was the best they have done this year. Especially did the work of Lucas and Hunter stand out on the offense. Lucas played one of the best games of his career, while Hunter easily outplayed Redfern and Gibson who opposed him.

Green again played a good game at running guard until sent to the sidelines while Randell played a star game thru out and stopped the Waverly forwards in their tracks. He hurried them and guarded so well that all of their shots were hurried and from difficult angles or long distances. Woods also fit well into the Jacksonville machine which is the best combination the locals have shown this year.

Goebel was sent in for Molohon who took Hunters place and was knocked out and Gard took good basketball. In fact the speed of the locals bewildered Waverly in the first half and they excelled in all departments of the game.

For Waverly, Bill Knight and Gorman played the best ball. Both these men were in the game up to their necks and fought to the last whistle. Gibson, who took Redfern's place at center also played an excellent game. He tossed one basket from a difficult angle and with a Jacksonville man right on top of him.

Lester Cornick's Jazzical Orchestra was present and enlivened the occasion with some good music. They were given hearty applause for their efforts. The Jacksonville student body also rooted with a will and gave the men all kinds of encouragement. The score:

### HEALTH REPORT

Dr. R. F. Baker, acting as collaborating epidemiologist, has sent in one report to the state board of health, relating to the local flu situation. It has been found that there are sixty cases of the flu at Jacksonville State Hospital, together with a number of cases of pneumonia. The hospital is therefore under quarantine in order to prevent any further spread of the disease.

The report sent also indicated that there are but twelve cases of flu in the remaining part of Morgan county and very few cases of pneumonia.

## FARM CANVASS IS TO BEGIN MONDAY

Team of Eleven Farmers Coming to Represent Illinois Agricultural Association.

Eleven men who are to canvass Morgan county in the interest of the Agricultural Association, will arrive here Sunday night, according to information received yesterday by County Agent G. B. Kendall, J. P. Mason of Elgin will be at the head of the committee, which will include Messrs. Lyons, Walcott, Cutler, Shade, Curtis, Cooper, Hill, Clausen, Moore and Ryan. All of these men are farmers and thereby interested in the work in which they are engaged. It is the expectation here that the canvassing work can be completed at the rate of one township a day.

It will be a farm to farm canvass and every farmer will be personally interviewed and given direct information about the plans of the Illinois Agricultural Association in co-operation with the national association.

The men interviewed will be asked to join the Morgan County Farmers Club and the Illinois Agricultural Association for a three year period. In Champaign county the canvass is just being concluded and more than 2,000 members have been secured. In every county thus far where canvasses have been made the results have been very gratifying. There is no denying the fact that farmers have come into a realization of what can be accomplished thru their organization. Locally farmers will be ready with automobiles to take the visitors thru out the township and extremely bad weather is the only thing that will delay the proposed canvass.

## ILLINOIS COLLEGE MEN SAVE CAPPS RESIDENCE

Harry Locke, Nelson Jones and Frank Davis Get Out Garden Hose and Have Fire Under Control Before Department Arrives—Their Work Saved Old Sturtevant Home.

Harry Locke, Nelson Jones and Frank Davis, Illinois college students, saved the residence of C. C. Capps, 252 Park street, from destruction by fire Thursday afternoon.

A domestic in the Capps household had lighted an oil stove and left it burning in her room. The stove exploded setting fire to the contents.

The three young men, who are all Springfield boys and prominent athletes at Illinois college, room at the home of Dr. F. C. Noyes, next door to the Capps residence. They happened to be in their rooms when the fire was discovered. They rushed to the house and securing the garden hose from the basement attached it to the hydrant and soon had water on the flames.

When the department arrived on the scene the fire was under control. Mr. Capps stated to the Journal Thursday evening that the prompt work of the young men undoubtedly saved the house from burning. The loss will be several hundred dollars which is fully covered by insurance.

The residence occupied by Mr. Capps is the old Sturtevant home, and is one of the oldest houses in the city.

Jacksonville Chapter No. 2 A. O. U. W. will hold a special convocation this evening at six o'clock. WORK. REFRESHMENTS. Visiting companions welcome. W. P. Spillman, E. H. P. John R. Phillips, Secy.

### RESPOND TO TWO FALSE ALARMS.

The fire department responded to two false alarms Thursday. At 11:30 Thursday morning a run was made to the residence of Mrs. M. S. Henderson, 450 South East street. Mrs. Henderson smelled smoke and thought the house was on fire. Nothing could be found by the firemen, however.

At 12:45 p. m. the department received a call from the residence of LeRoy Craig, 513 North Clinton street. The chimney was burning out and the house filled with smoke. Investigation revealed a large hole in the flue leading from the furnace to the chimney. No damage was done but the defective pipe might have caused a bad fire.

## ILLINOIS COLLEGE WILL PLAY LINCOLN

Illinois College will play Lincoln College in David Prince gym Saturday evening. Not much is known of Lincoln's strength but it is not thought they will give Illinois much trouble.

Coach Harmon is having his troubles to pick a varsity squad as any combination he selects the others always seem to be able to wallop it.

An effort is being made to get a game for the second team for a certain raiser. The Franklin Independents or Franklin Marquettes will be secured if possible.

## MRS. JOHN SCHLOSSER PASSES AWAY SUDDENLY

Resident of Williamsport, Ind., Dies at Pacific Hotel—Was Stopping at Hotel With Daughter—Remains Will Be Taken to Lafayette, Ind.

Mrs. John Schlosser, an aged resident of Williamsport, Ind., died suddenly of heart trouble in her room at the New Pacific Hotel Thursday night at 9:30 o'clock.

Mrs. Schlosser, who was 76 years of age has not been in good health, having suffered a stroke of paralysis some years ago. However, she seemed to be in her usual health Thursday morning when George W. Scott, manager of the hotel, talked with her.

She became suddenly ill Thursday evening. Dr. Rowe was summoned but death came before his arrival. Dr. Rowe pronounced the cause of death as an acute heart attack.

Deceased was a native of Williamsport, Ind. Some years ago she went to Lafayette to live with her daughter, Mrs. Alle Swank. Last Fall Mrs. Swank's daughter, Miss Janice Swank and niece, Miss Irene Schlosser, entered Illinois Woman's College.

Last December Mrs. Swank and her mother came to Jacksonville and engaged a suite of rooms at the Pacific Hotel to be near the young ladies while they are in school.

The remains were removed to the undertaking parlors of J. H. O'Donnell and prepared for burial. They will be taken to Lafayette, Ind., over the Wabash at 8:10 o'clock Saturday morning where funeral services will be held and interment made.

*Beautiful New Georgette  
and Crepe-de-Chine Blouses*

—savingly priced at

**\$6.75**

—At a time when sales of odds and ends, out-of-season styles are rampant, let us emphasize the fact that these Blouses are NEW; refreshingly new, that they were but recently designed and made up especially for us and for the other good stores in other cities who, too, have arranged for their exclusive sale. None of these styles have been shown here or elsewhere before.

—These Blouses are savingly priced and the savings are really substantial simply because of the fact that the materials were bought months ago at much less than the prevailing price, and they were made in a manner that effects very large economies. If we were obliged to buy these Blouses in the open market it would be necessary to sell them at considerably higher price.

WS-11 is of Georgette Crepe, with pretty lace collar, and with fine tucks trimming front and cuffs. WS-14 is a tailored Georgette model with front pleasingly trimmed with numerous fine tucks and rows of hemstitching.

—The sale of these new Waists at this price at this time gives added evidence of the fact, that despite market conditions there is always a saving on the Blouses bought here.

## Clover Seed

We all know the big benefit the soil derives from clover. We also know the great amount of wasted effort in fighting different conditions, trying to obtain a stand. Why should we waste our seed and time, when it is unnecessary? Who can tell, but we are safe in saying 25 per cent of clover seed sown in our county is wasted. It is our desire to help our farmers to stop this waste, we profit by their benefit, this is our "Reason."

The Alfalfa and Grass Seed Drill successfully overcomes the expensive and uncertain results obtained from broadcasting Clover, Alfalfa and other small grass seeds. In broadcasting these costly seeds there is a great waste, it is uncertain as to results, the seed is sown more or less uneven, is blown in patches by the wind, washed by rains, leaving it too thick or too thin in places, part is covered too deeply, part not deep enough, and much left on top of the ground is picked up by the birds. Therefore, many times more seed is required than necessary if all seed were put in the ground and covered uniform depth.

Call in and See This Drill

This drill sows the exact quantity desired. Not necessary to sow more good seed than actually required for a good stand of grasses. The seed is sown in rows 4 inches apart, conceded to be the proper width for Clover and grasses, because it produces the largest yield. All the seed is put IN the ground, not on top, deposited and covered uniform depth without waste. Even sowing means even growing. It makes a perfect seed bed, saves costly seed, insures against total failure, and increases the yield. Every tiny seed has a chance to germinate and produce a sturdy, vigorous, deep-rooted plant.

There are 18,000 Red Clover Seeds in an ounce or 288,000 to a pound. Fifteen thousand Alfalfa Seeds in an ounce or 240,000 to a pound. We have 43,560 square feet in an acre which means an average of 6 1/2 Red Clover Seeds and 5 1/2 Alfalfa Seeds to a square foot for every pound of seed sown. In the quantities usually broadcasted an average of 66 Red Clover Seeds and often 125 Alfalfa Seeds are deposited upon each square foot of ground, many times the number of plants the ground can support.

How much expensive seed do you waste in broadcasting? Drill the Clover Seed in winter wheat with the Alfalfa and Grass Seed Drill. Do not mud it in. Wait until the ground is right. This Drill will put the seed down in the moist earth where it germinates quickly and grows rapidly. The disks are set at a slight angle to give easy penetration. They cultivate the growing wheat without tearing up or injuring the plants, put new life and vigor into the growing plants, increasing the yield from three to five bushels per acre.

## WINTER WHEAT NOT MUCH HURT BY ICE

Greene County Acreage is Believed to be in Good Condition Plan Farmer's Elevator at White Hall—Other News Notes.

White Hall, Jan. 27.—It is believed that winter wheat will survive the ice covering that has enveloped the ground since the onset of last Friday morning, and which is today showing substantial signs of disappearing. There is no question that the wheat has been damaged by the smothering, but the damage is believed to not be so deep-seated as to preclude full recovery. The condition of corn in crib is splendid. Walks have never been known to be more slippery than since last Friday morning, when only 0.02 inch of precipitation produced sleet that covered everything, the breaking of ice along the streets by highway traffic affording practically the sole means for pedestrians to get about until today. With the exception of the ice formation, all roads are reported to be in good condition.

The White Hall Farmers' Elevator Company is in process of formation since a meeting in White Hall Saturday, following the announcement in this letter of the action of the Smith orchard people in deciding to rebuild the elevator at Drake, leaving the White Hall interests at liberty to go ahead with building plans at White Hall. Among the names of White Hall farmers promoting the local proposition are F. C. Griswold, L. G. Griswold, Elmer Griswold, C. E. Potts and F. B. Baker. The plan is to sell 200 shares of stock at \$100 per share, limiting to one share the amount of stock that any one holder can take. The stock subscriptions started about 5 p. m. Saturday, and at this writing \$10,000 of the \$20,000 had been sold. There are differences of opinion as to the feasibility of building or buying the old elevator facilities at White Hall. The old elevators are out of date, but their acquisition would include the White Hall mill at a considerable advantage. The other proposition is to buy the abandoned brick building of the Western Stoneware Co., which would afford material for building, and would also afford switch facilities from two railroads, a matter of very great importance in times of car stress.

Two White Hall veterans of the world war have received substantial increase of pension. Dean Raines has been advanced to \$85.00 per month and Charles Armstrong to \$80.00, the former receiving back pay to the amount of \$1,157 and the latter \$500. Raines received a bodily wound at Cantigny April 30, 1918, and for some time there was little hope for recovery. One lung was removed and a breast plate inserted. He spent months in hospitals in France and America, and he was finally discharged. His present allowance of \$85.00 will likely be increased to \$100 or \$150 per month. Armstrong had a hip lamed at the Argonne, and the most skillful surgical attention finally saved the limb. He is now able to get about with the use of a cane. Both he and Raines are incapacitated from manual labor. The case of Jeff Buris, who was shot through the wrist, has not yet been adjusted. The injury deprives him of the use of one hand.

Mr. and Mrs. Allen A. Lorton, who are sojourning at Eagle Lake, Florida, evidently are enjoying themselves, the former writing: "I find this country to be a wonderful one to me. The weather since we came here has been almost perfect, and we are all enjoying it to the full extent." These winter sojourners are just as well off in ignorance of the splendid winter weather we are having.

Homer N. Green was down from Beartown Sunday evening. The condition of T. E. Hyatt is said to be very unfavorable at this time.

"Rambling Sam" Taylor, a popular C. & A. engineer, was down from Roodhouse Monday.

A copy of the Traffic Club Bulletin, published monthly by The Traffic Club of New York, has been received with the compliments of its editor, Howard Elliott, formerly of the Salt Lake Route at Los Angeles and originally of Jacksonville, Illinois, being a brother of Frank Elliott, the Elliott State Bank. The publication is devoted to railroad and kindred subjects.

Funeral services over the remains of Mrs. W. A. Johnson, who died in the Springfield hospital Sunday morning, were held Tuesday at 2 o'clock in the Presbyterian church, conducted by Rev. A. F. Ewert and the Duncan sisters. The interment was in the White Hall cemetery. There was a large attendance on account of the esteem in which this woman is held throughout the community.

### PETRIFIED POTATOES

Yesterday when Matt Miller, west side grocer, opened up a shipment of potatoes from Minnesota, he noticed three that seemed very heavy and hard and closer examination showed them to be real stones though much the shape of potatoes and one had what resembled an eye and piece of potato skin. Matt thinks they are really petrified potatoes though his theory remains to be proved but they are much the shape of a humble spud anyway.

## CHAPIN WOMAN'S CLUB MET WITH MRS. CRAVEN

Regular Meeting Held Tuesday Afternoon at Home of Mrs. Fred Craven—S. S. Class Meets—Other Items.

Chapin, Jan. 29.—Miss Eme Markham spent Sunday with her sister, Helene in Springfield.

Turner Antrobus of Beards-town spent Sunday with his mother.

George Haymaker and wife spent Sunday with relatives in Springfield.

Mrs. Dan Omar and Allene were shopping in Springfield Saturday.

Mrs. Ed Antrobus went to Springfield Saturday to visit over the week end at the home of Mr. and Mrs. Harold Bisch. She went again on Tuesday evening to spend the remainder of the week before Mr. and Mrs. Bisch leave for Florida.

Miss Carrie Johnson has gone to Shelby Co., to care for her aged aunt, 82 years old, who has pneumonia.

The funeral of Verda Frances Vaniter was held Sunday.

Mrs. C. Chapman of Manchester visited her sister, Mrs. Charles Leitzie on Tuesday night and Wednesday.

Woman's Club Meets.

The Chapin Woman's Club held its regular meeting Tuesday afternoon with Mrs. Fred Craven. There were twenty members and eight guests present.

The roll call was responded to by naming "women who have helped the nation and law."

Business session.

Mrs. Howard Tucker then read a very interesting as well as instructive paper on "American Women at Home and Abroad."

Miss Amy Onken, club president, then presented a piece of silver as a gift from the club to Miss Margaret Eagan, who will soon wed Mr. Nieman of Colorado Springs.

Several selections of wedding music were then rendered on the Victrola.

A social hour followed, at which time the hostess served a two course luncheon. Miss Eagan received on her tray as a favor, a miniature bride.

The next meeting will be held on Feb. 10 with Mrs. Gustav Onken.

On Wednesday afternoon Mrs. Leitzie invited the Gleaners S. S. Class to come to her home and tack a comfort and sew rug rags. When the guests assembled they were then told that the sewing was to be done for her sister, who is soon to become a bride. They were over thirty present and all had an enjoyable time. The hostess served soup with its trimmings and coffee.

Oliver Anderson of Pittsfield and Frank Hill of Baylis attended the funeral of Riley Taylor Tuesday.

**NEW SOCIETY IS  
FORMED IN BLUFFS**

Home Missionary Society Organized Recently—Ward Family to Reside in Shelbyville—Other News Items.

Bluffs, Jan. 29.—Charles Ward and family expect to leave soon for their new home near Shelbyville, where they will reside on a farm. They have made many warm friends during their short stay in Bluffs, who deeply regret losing them.

John Carnes and family expect to again take up their residence in Pittsfield. For several months they have resided in town where they also have made many friends.

The Foreign Missionary Society of Bluffs met with Mrs. Anna Oakes as hostess Wednesday afternoon. A home missionary society was organized and the name changed to the Foreign and Home Missionary Society of Bluffs. The society will meet in joint session with the Ladies' aid each Wednesday afternoon as long as necessary work requires it. The regular missionary day is the last Wednesday afternoon of each month at which time all monthly dues should be paid.

A number of the younger pupils are out of school wrestling with attacks of the mumps and chicken pox.

Charles Stokes of Griggsville has arrived for a visit with his daughter, Mrs. F. R. Parker.

Thru the courtesy of Mr. Warren, manager of the photo play theater, the Y. L. A. of the M. P. church received \$22 as their portion from the sale of tickets Tuesday night. Mr. Warren is putting on first class plays and the sale of tickets is not a difficult task.

Herman Vanlier, Wabash fireman, who suffered a fractured leg in his left foot while on duty Monday, has returned from the Wabash hospital in Decatur where he went for treatment Tuesday.

August Frohwitter has returned to his duties in Springfield.

Joe Colling, who has been the guest of his sister, Mrs. James Lucas for the past ten days, has returned to his home in Chicago.

WILL LIVE ON FARM

Vol Sevier, owner of the Drexel Barber Shop, has decided that farming is the more lucrative and healthful occupation. He has taken possession of the 160-acre "Logan Brown" farm, near Strawn's Crossing and has nearly completed stocking it. He will move on to the farm about Feb. 15. The Drexel Shop, it is understood, has been taken over by Frank Piepenbring.

## FORMER WHITE HALL MAN IS MISSING

Charles Grooms, in Garage Business at Winchester, Reported to Be Missing—Other News Items from White Hall.

White Hall, Jan. 29.—Frank G. Ewald, of the Illinois Public Utilities commission, is conducting a hearing in the city hall today on complaint of patrons of the city heating system, abandonment of which is petitioned by the Central Illinois Public Service Co., to the utilities commission. Both sides are well represented at the hearing. The outcome will be announced later.

Charles Grooms, formerly with the Hudson garage, and who about a year ago became junior partner with Mr. Hudson in a garage at Winchester, has been missing since the 19th inst., and it is feared that he has met with some misfortune. On that date he was in St. Louis and transacted business with a couple of automobile agencies, departing that night for Chicago on his way to Flint, Mich., where he was to have been met by Al Hudson, the senior member of the Winchester firm. Hudson went to Flint at the appointed time, but at last accounts there was no trace of Grooms. The latter's wife and Frank Dillman are in charge of the business at Winchester, and so far as known there is no discrepancy in the accounts. Dillman is bookkeeper at Mr. Hudson's White Hall garage.

The regular meeting of Porter Lodge, Knights of Pythias, Tuesday evening resolved into a farewell and well wishes for Ed C. Pearce, who departs today for Washington, D. C., to become an income tax auditor in the treasury department. Mr. Pearce's duties may take him to various parts of the country. His family will remain at White Hall.

Two funerals of children were held at 2 o'clock Wednesday afternoon, one at the First Baptist church and the latter at the Tabernacle Baptist church. The former funeral was that of Francis Dean Conlee, age 5 years, son of City Marshall Conlee, who died Monday, the cause of death being brain fever. The other funeral was that of the infant of Marsh Chapman, who also died Monday from pneumonia.

## DOING HER BIT

"More than a year ago I took a course of Mayr's Wonderful Remedy for gall stones, severe colic and stomach trouble and have been entirely well ever since. I have recommended it to many other stomach sufferers, as I felt it was my duty to tell them just how much good it has done me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

which we will sell at

Less Than Wholesale Cost

During the war, at government request, paint manufacturers discontinued a number of colors. They had been making from 30 to 60 shades of each fundamental color—which was PURE EXTRAVAGANCE and only served to confuse buyers. With the conclusion of the war it was decided not to resume these discontinued colors in stock. Of some there is enough to paint a whole house—of others a barn, garage or other small building. Both inside and outside colors are included. If you need any paint whatsoever, don't overlook this offering. The price will surely interest you.

**SLIGHT RELIEF IN CREDIT SITUATION**

(By Associated Press.) NEW YORK, Jan. 29.—With slight relief in the international credit situation and fresh indications of lighter money, stocks drifted aimlessly during today's stagnant session and an irregular tone prevailing at the close. A rally of 3 1/2 cents in the pound sterling on less substantial recoveries in French and Italian rates were nullified to a degree by recurrent heaviness of remittances to Denmark, Norway, Sweden and other neutral centers.

In the stock market cumulative evidence was offered of fresh liquidation among specialists, notably low grade oils. Industries of recognized worth forfeiting part of the advantage registered yesterday as a result of the favorable statement of the United States Steel Corporation for the final quarter of last year. Motors and kindred issues drew away from the general list however, displaying strength.

Bonds were inclined to rally but the Liberty group continued to yield, some of those issues making new low records for the current movement. Sales (par value) aggregated \$16,350,000.

### ASHLAND RESIDENTS LEAVE FOR SOUTH

Mrs. Martha Walbaum and Son  
Leave for Hot Springs, Ark.—  
George Cowan Employed in Pe-  
oria—Other Items of Interest.

Ashland, Jan. 27.—Miss Lottie  
Beggs of Springfield spent Satur-  
day and Sunday visiting home  
folks.

A fine eight and one-half pound  
boy was born to Mr. and Mrs.

Howard Boatman Sunday, Janu-  
ary 25, 1920.

Mrs. Martha Walbaum and son,  
Conway, departed for Hot Springs,  
Arkansas for a month's sojourn.

Mrs. John Beggs spent several  
days last week in Virginia, visit-  
ing relatives and friends.

Miss Mabel Peterson spent the  
week end in Beardstown visiting  
Mr. and Mrs. Herbert Speaks.

Clark Walbaum is now in  
Champaign taking a short course  
in agriculture at the University of  
Illinois.

Mr. and Mrs. Lee Skiles of Vir-  
ginia made a little stop over visit  
here between trains Sunday morn-  
ing. They were enroute to Bloom-  
ington.

Frank Stribling of Missouri is  
here visiting his brother, H. C.  
Stribling.

George Cowan is in Peoria  
where he has a position with the  
Standard Oil company.

Mrs. W. J. Sinclair is visiting  
relatives in Bloomington.

J. B. Lohman is doing very  
nicely in a Springfield hospital,  
after undergoing a slight opera-  
tion.

Mr. and Mrs. Cleveland Clowers  
are the proud parents of a little  
daughter.

D. H. Bailey was a business  
caller in Virginia Monday.

Virgil Maurer formerly of this  
vicinity, now at Beardstown, was  
an Ashland visitor Sunday even-  
ing.

The farm residence of Miles  
Kendall, located four miles west  
of town, was destroyed by fire last  
Wednesday, most of the contents  
on the lower floor were saved.

### STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo  
Will Help You

Never mind how often you have tried  
and failed, you can stop itching  
eczema quickly by applying Zemo  
furnished by any druggist for 35c. Extra  
large bottle, \$1.00. Healing begins the  
moment Zemo is applied. In a short  
time usually every trace of eczema,  
tetter, pimples, rash, blackheads and  
similar skin diseases will be removed.

For clearing the skin and making it  
vigorously healthy, always use Zemo, the  
penetrating, antiseptic liquid. It is not  
greasy, it does not stain. When  
others fail it is the one dependable  
treatment for skin troubles of all kinds.

Cincinnati Authority Says  
Troublesome Corns Just  
Loosen and Fall off

Sore corns, hard corns, soft  
corns or corns between the toes  
loosen in their sockets and  
fall off the next day if you will  
apply directly upon the corn a few  
drops of a drug called freezone,  
says a Cincinnati authority.

You merely put a drop or two  
of this freezone on the tender,  
touchy corn today and instantly  
the corn stops hurting, then to-  
morrow sometime you may find  
the old tortuous pest fallen off  
entirely without a particle of sore-  
ness, pain or irritation. The skin  
surrounding and beneath the form-  
er corn will be as healthy, pink  
and smooth as the palm of your  
hand.

A quarter ounce of freezone is  
sufficient to rid one's feet of every  
corn and callus, and any druggist  
will charge but a few cents for it.  
It is a compound made from ether.

### LETTER FROM JOHN MINTER

John Minter writes The Jour-  
nal as follows:  
Springfield, Colo., Jan. 24.  
Editor Journal:

It is now almost two months  
since I left Jacksonville. Where  
I am located we are near several  
states within an area of fifty  
miles square we have Kansas on  
the west, Oklahoma on the south-  
east, Texas and New Mexico on  
the southwest, and with automo-  
biles we can see much in a short  
time. The progress made in agri-  
culture and horticulture is mar-  
velous.

When I lived here thirty years  
ago there were no telephones, no  
automobiles and railroads were  
fifty miles distant. Horses and  
cattle were the traveling forces  
and slow enough but now the im-  
provements make progress possi-  
ble. I attended two sales 20 and  
25 miles from Springfield, coun-  
try mostly open prairie yet there  
were about 250 people at each  
sale, men and women of whom  
any land might be proud. The  
women were dressed in latest  
styles, some with high heeled  
shoes but the babies beat all, rosy  
cheeked and bright. All seemed  
happy and prosperous and so they  
should; tractors and other ma-  
chines have taken away the drudg-  
ery; prairie schooners are things  
of the past, all land, even sand  
hills, utilized, live stock plenty  
and bringing good prices, ordi-  
nary cows sell for \$100 to \$112  
each; hogs on market quotations;  
horses a little dull, interest a lit-  
tle higher than with us; much  
land is changing hands at \$6.00  
to \$50 an acre.

The cheap lands are always  
near cattle ranches and the own-  
ers do all they can to keep out  
settlers trying to buy the lands  
for themselves but the non-parti-  
san movement is spreading all  
over the west and north and will  
soon end the palmy days for the  
cattle ranchers; from the Dako-  
tas to Texas they are after them  
and I hope will get them.

The western man is enterpris-  
ing and will generally buy stock  
in any enterprise whose agents  
can make a good story. I hear  
the Pan Motor company of St.  
Paul, Minn., has sold \$200,000  
worth of stock in Baca county.  
Much oil stock has been sold, and  
some of it paying very well. I am  
told, A Mr. Coleman, formerly  
residing near Quincy, Ill., has for  
sale a section, 16 township 29  
range 43, near my old home. It  
is abundantly supplied with ar-  
tesian wells, all manner of good  
buildings for a dwelling and live  
stock, fire protection, will raise  
alfalfa and all sorts of crops and  
would be a great bargain for  
some one. I have met in this vicin-  
ity, many from Illinois and all  
are generally making good, so I  
am a little proud of the home I  
have occupied 66 years and now  
after all I have said about this  
country in which I am interested  
and where I have been treated so  
well by officials and private citi-  
zens, I feel there is no place like  
old Jacksonville, Morgan county,  
Ill., and its people and institu-  
tions. May they long continue to  
prosper.

I hope all is running smoothly  
as indicated by the columns of  
the Journal, which I am not get-  
ting as regularly as I would like,  
tho I attach no blame to the man-  
agement; the mail service is re-  
sponsible.

Best wishes to the post and all  
the old boys and friends. Yours  
in F. C. & L.

John Minter.

Now is the time to enroll  
in Woman's College in any  
of the departments. Special  
courses in Music, Art and  
Expression. Classes in swim-

#### NEW RESERVOIR

(Written by Mrs. Mary Moore,  
213 W. Walnut Street)  
Thou Lake! our city,  
Thou new born Lake,  
A name thou deserve to have.  
For thy promise imparts  
Great joy to our hearts  
And happiness in our homes.  
Yes our homes will be sweeter  
As well as much neater  
Oh then let us call you "Sweet  
Home Lake."

"Our boys" fished and  
waded in thy stream  
When it was State Pasture's  
Creek.  
Those days have now gone.  
But their memory not flown.  
Father time hath brought this  
change!  
Thou art now a Lake  
And then for "their" sake  
I hope you will this dear name  
take.

The grounds near by  
That were given to thee  
Should also bear thy name.  
Where wild birds stay  
The long summer day  
Where they can quench their  
thirst.  
For pleasure we may stroll  
around  
And go to thy "Sweet Home"  
ground.  
Unless this name you do turn  
down.

There are Lakes more beauti-  
ful  
Than thou doth appear today  
But our love you surely will have  
If pure water and clear  
You give year after year  
To our city, dear Jacksonville.  
Then let us call thee "Sweet  
Home Lake"  
Please except this name—no  
other take  
Unless it may prove more ap-  
propriate.

#### CLOSING OUT SALE

### LYNNVILLE MAN IS CRITICALLY ILL

Berry Heaton Shows no Improve-  
ment—News Notes of Interest  
From Lynnville.

Lynnville, Jan. 27.—Mrs. Kate  
Hills and daughter, Blanche, went  
to Woodson Tuesday to attend the  
funeral of Mrs. Alex. Currier.

The condition of Berry Heaton  
showed no improvement yester-  
day and he was still accounted as  
critically ill.

Mr. and Mrs. Ernest Million  
and Pearl Fligg spent Sunday af-  
ternoon at the home of L. M.  
Shirteff.

Several from here attended the  
funeral of Richard Boston Tues-  
day afternoon in Jacksonville.

Dorothy Million spent Sunday  
with her grandparents, Mr. and  
Mrs. James Allen.

The many friends of D. N. Fos-  
ter will be sorry to hear of his ill-  
ness. Mr. Foster has been sick for  
the past three weeks. His niece  
has been with him for few days  
helping to take care of him.

Miss Bertha Hunsley is a pa-  
tient at the hospital in Jackson-  
ville. Her many friends hope she  
will soon be able to return home.  
Foster Shepherd, who has been  
visiting his mother and other  
friends since last Wednesday, left  
Tuesday morning for Washing-  
ton.

Mrs. Mabel Govia and children  
have been on the sick list for the  
past few days.

Don't forget the box supper in  
the basement of the Christian  
church on Friday, Jan. 30.

## Nasty Colds

Get instant relief with  
Pape's Cold Compound

"Don't stay stuffed-up! Quit  
blowing and snuffing! A rose  
of "Pape's Cold Compound"  
taken every two hours until three  
doses are taken, usually breaks  
up a cold and ends all gripe mis-  
ery.

The very first dose opens your  
clogged-up nostrils and the air  
passages of your head; stops nose  
running; relieves the headache,  
dullness, feverishness, sneezing,  
soreness, stiffness.

"Pape's Cold Compound" is the  
quickest, surest relief known and  
costs only a few cents at drug  
stores. It acts without assistance.  
Tastes nice. Contains no quinine.  
Insist on Pape's!

## MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year  
from ailments affecting practically every  
part of the body, never dreaming that their  
ill health can be traced directly to acid-stomach.  
Here is the reason: poor digestion  
means poor nourishment of the different  
organs and tissues of the body. The blood is  
impoorished—becomes weak, thin, sluggish.  
Ailments of many kinds spring from such  
conditions. Biliousness, rheumatism, lum-  
bago, sciatica, general weakness, loss of  
power and energy, headache, insomnia,  
nervousness, mental depression—even more  
serious ailments such as catarrh and cancer  
of the stomach, intestinal ulcers, cirrhosis  
of the liver, are trouble—all of these—  
can often be traced directly to acid-stomach.  
Keep a sharp lookout for the first symptoms  
of acid-stomach—indigestion, heartburn,  
belching, food repeating, that awful painful  
bloat after eating, and sour, gassy stomach.  
EATONIC, the wonderful modern remedy for  
acid-stomach, is guaranteed to bring quick  
relief from these stomach miseries. Thousands  
say they never dreamed that anything could  
bring such speedy relief—and make them feel  
so much better in every way. Try EATONIC  
and you, too, will be just as enthusiastic in  
its praise. Make your life worth living—no  
aches or pains—no blues or melancholy—no  
more of that tired, listless feeling. Be well  
and strong. Get back your physical and men-  
tal punch; your vim, vigor and vitality. You  
will always be weak and ailing as long as you  
have acid-stomach. So get rid of it now.  
Take EATONIC Tablets—they taste good—  
you eat them like a bit of candy. Your druggist  
has EATONIC—50 cents for a big box.  
Get a box from him today and if you are not  
satisfied he will refund your money.

BREAKS MY COLD!"

"That's Dr. King's New Dis-  
covery for fifty years  
a cold-breaker"

NOTHING but sustained quality  
and unflinching effectiveness can  
arouse such enthusiasm. Noth-  
ing but sure relief from stubborn  
old colds and onrushing new ones,  
grippe, throat-tearing coughs, and  
croup could have made Dr. King's  
New Discovery the nationally popu-

A bottle in the medicine cabinet  
means a short-lived cold or cough,  
90c. and \$1.20. All druggists.

#### Regular Bowels Is Health

Bowels that move spasmodically—  
free one day and stubborn the  
next—should be healthfully regu-  
lated by Dr. King's New Life Pills.  
In this way you keep the impurities  
of waste matter from circulating  
through the system by cleansing  
the bowels thoroughly and promot-  
ing the proper flow of bile.

Mild, comfortable, yet always re-  
liable, Dr. King's New Life Pills  
work with precision without the  
constipation results of violent pur-  
gatives. 23c. as usual at all drug-  
stores.

### Sensible Conclusion—

If your eye fails—you go to an oculist. If you have appendicitis—you call a  
surgeon—because they know best and can give you the best results. Likewise a  
surgical hospital is especially fitted and equipped for surgical work.

makes them sturdy

GIVE your children a good start on the day.  
Send them to school well nourished and with  
satisfied appetites. Wheat-O-Corn is so delicious  
that the children will drain their dishes to the last  
drop. It is the muscle and bone building food,  
which makes them sturdy and strong. The com-  
bined flavor of wheat and corn makes it deligh-  
tfully "different".

Wheat-O-Corn is perfectly pure and clean. It is un-  
touched by human hands during the entire process of manu-  
facture. It is sterilized under tremendous heat and packed  
in air-tight cartons by machinery.

Wheat-O-Corn is delicious in muffins, cookies, and pud-  
dings. Every package contains forty liberal servings. Ask  
your grocer for Wheat-O-Corn today.

No greater service can be rendered by parents to the future  
development and happiness of the race than by giving closer  
attention to the physical development of the child in the early  
years.

If children are sick, weak, or puny, or undeveloped there is  
a cause and science proves that invariably it is found in the  
spine. Spinal defects shut off the life forces by pressing the  
nerves that supply some part of the body. It is this pressure  
that is the result of disease now and in later years.

### Give the Children a Health Chance

Parents should not wait and hope for the child to outgrow  
spinal defects, but should have the young ones examined by  
a competent Chiropractor so that the little spines may be made  
plumb and any malformation corrected. Through

wise and careful parents may insure to their children a sound  
body, a strong constitution and a clear brain and prevent much  
illness. For the child's sake—for its future health and happi-  
ness, investigate Chiropractic (KI-RO-PRAK-TIC) and find out  
how beneficial it is in children's cases.
